

Question....

How would you like to eliminate one bill from your monthly budget?

Did you know that by doing one show a week showing Premier Jewelry you can earn an extra \$800-\$1000 a month?

What would an extra \$800 a month do for YOU?

- Help pay off that VISA bill?
- Pay a car note?
- Pay for a nice family vacation?
- How about that remodeling project or new furniture you'd like to buy?
- Could it help supplement your retirement income?
- Pay for private school or college tuition?
- Relieve some of the financial pressure?
- Allow you to have a few "extras"?
- Allow you to save for the unexpected?

Premier Designs does not have a quota regarding the number of shows you hold.

It is up to you. Work as much or as little as you wish!
