Premier is a biblically based company with the utmost of integrity!

Here are the answers to the 2 most frequently asked questions:

What's the investment?

“The investment options with Premier range from \$395 to \$1200. The smartest of those investments is the \$1200 option because it gives jewelers the biggest discount for the most amount of jewelry. Premier offers financing with NO interest for 6 months and because they pay you 50% of what you sell, it takes just a few shows to pay off that investment. To make it financially safe and sound, Premier will purchase the jewelry back from you with in the first year at 90% as long as it is still in excellent condition. Premier has an incredible reputation and the top ratings with the Better Business Bureau. If you are interested in this business, think of a few friends who will have a show to help you kick off your business. That's all it takes.

How would I learn to do this business?

You and I would meet up to go over the marketing plan and cover questions. Then I would help you through the jeweler orientation handbook and teach you what I know about running a successful jewelry business. There are also on-line trainings available to you as well as fun and fabulous local trainings once a month. I care about your success and you would feel very comfortable with the training and support provided.
