What is your "go-to" outfit?

We all have clothes that we feel we look best in or feel most comfortable in. Sometimes we have to dress one way for our 9-5 job and prefer to dress another way when our time is our own. Personal stylists agree that the most versatile wardrobe consists of 20% core basics and 80% accessories.

The Most Important Colors In My Wardrobe Are:

Dressing all in one color (monochromatic) or 2 same colors and 1 different will give you the illusion of looking 10 lbs. thinner and 3 inches taller.

Adding scarves to your wardrobe is a great way to add color to your wardrobe. (show scarves.)

What Is Your Favorite Clothing Store?

If you need an outfit where is the first place you think of going?

Great fashion can be found at any price point.

Top designers that once only very few could afford now design lines at Target, Walmart & Kohls.
